OBJECTIVE

Highly motivated UI/UX Designer with a strong foundation in design tools like Figma, Canva, Adobe XD, and Adobe Illustrator, combined with web development knowledge in HTML, CSS, and JavaScript. Seeking an opportunity to apply my design thinking, user research, and prototyping skills to create user-centered digital experiences in a fast-paced technology environment.

EDUCATION

BS Software Engineering, FAST-NUCES, Islamabad 2022 - 2026

FSc Pre-Engineering, Fazaia Inter College, Kamra 2020 - 2022

SKILLS

Design Tools	Figma, Adobe XD, Adobe Illustrator, Adobe Photoshop
Frontend	HTML5, CSS3, Tailwind CSS, JavaScript, React
User Research	Wireframing, Prototyping, User Flows, Usability Testing
Soft Skills	Problem-solving, Communication, Time Management, Team Collaboration, Teamwork and collaboration

PROJECTS

Job Finding Application UI: Designed and developed a complete job finding application user interface using Figma. Focused on creating a responsive and interactive user experience with a balance between creativity and elegance. Delivered a fully functional UI prototype with engaging user flows and design consistency.

Skills and Deliverables: Figma, UI/UX Prototyping, User Interface Design.

Hostel Management System (UX Research + UI Design). Conducted user interviews and created wireframes to streamline the booking and complaint management process. Designed responsive UI screens in Adobe XD, enhancing user experience for both students and hostel owners.

Weather Dashboard with Chatbot (UI Design for Data Visualization). Designed an interactive weather dashboard focusing on clean data visualization and chatbot interaction flow. Created mobile-first, responsive designs using Figma and incorporated user feedback for iterative improvements.

EXPERIENCE

Head of Design Team IEEE Women in Computing, FAST NUCES Islamabad
2025 - Present

Led the Design Team for the IEEE Women in Computing Society, overseeing and executing multiple design projects for university-wide events and campaigns. Responsible for setting design guidelines, coordinating with event organizers, and mentoring junior designers on the team.

Design Team Member Software Engineering Society (SES), FAST NUCES Islamabad
2024 - 2025

Contributed as a key member of the SES Design Team, creating a diverse range of visual content including event posters, standees, tickets, social media graphics, and promotional videos. Played an active role in shaping the visual identity of society events and initiatives.

Web Development and Design Workshop 10-Day Intensive Program
Gained hands-on experience in user interface design principles, responsive layouts, and frontend frameworks. Worked on small design projects using Figma and Adobe XD focusing on layout design and visual consistency.
